CHEERING SUCCESS.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF
FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed proper to hold a surplus beyond the reserve required.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far in advance of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

UNDOUBTED PERMANENCY OF
ITS SUCCESS.

# CAROLINA TIMES.

B. P. WARING, Editor.

CHARLOTTE

Monday, June 14, 1869.

The Supreme Court, by entering, last summer into the political arena, destroyed the confidence of the people in the fairness and disinterestedness of its decisions, and did a great deal to lower its standing.

It will be remembered that "going home" Reade wrote the infamous address, signed by a number of the members of the Legislature, inciting the negroes to murder, rapine and arson. Chief Justice Pearson wrote a letter which was intended as a campaign document, threatening the country with war if Seymour was elected. Dick and Settle participated in a Convention which nominated W. H. Henderson as a candidate for Congress, and then bolted and brought out Tourgee, then, as now, a Judge on the bench, for the place. Rodman did so many dirty things that we will not stop to recite them. And for, and on account of thus dragging the judicial ermine into the pool of Radical politics, these respectable members of the Bar protested. The infamous Judges (so called) have *construed* it into contempt, and have had a rule served upon the members of the Bar to show cause why they should not "purge themselves of the contempt" or be silenced. What these gentlemen did, they did deliberately, and cannot now retract. The Court (with all due deference we say it) has taken this course out of revenge, without show of right or precedent to sustain it. In one sense of the word, it is master of the situation, and it is using it tyrannically and infamously, and if the Bar and people submit to it, they deserve to lose the semblance of liberty they now enjoy, and to become the veriest slaves in the world.

[redacted]

The Court is clearly in the wrong, and this act is done by a shameless bench to humiliate and degrade the Conservative party through their chosen leaders.

### Breckenridge's Visit to Wisconsin.

The Milwaukee *Wisconsin*, a Republican paper in its issue of Thursday last gives the following:

The visit of Hon. John C. Breckenridge to Wisconsin, is to look after land which he owns in the Northern counties of the State, and in considerable quantities. It has run behind in taxes, and needs looking after. Mr. Breckenridge appears to be an affable gentleman, and was the centre of attraction at the Newhall yesterday. Several of the old Democratic wheelhorses visited him at his room, and had a talk with him. About the rebellion he was reticent, but regarding the future prospects of the country was perfectly free to give his opinion. One gentleman asked him what he thought of Grant and his administration, and the reply was that the President was smart enough to take care of himself. His cabinet, while none of the best, was just such an one as Grant needed, and was better for his purposes than one of more talent would be. It was not designed to make the Administration a brilliant one, and Grant's ambition was to make it an every-day sort of useful affair. He was studying the best way to do this, and Mr. Breckinridge believed he would succeed in a degree sufficient to make the people feel easy, although they would be by no means satisfied. Mr. Breckenridge does not believe we shall be dragged into a foreign war, although he felt the position of the country to be a delicate one. He thought we should have our dignity ruffled pretty hard, before we got up to the fighting pitch, but said, if we had a war with England and France, the South would furnish men enough, if necessary, to do the fighting. The South did not entertain the most liberal feelings toward European contries, and many of the people would hail most any kind of a fight with satisfaction.

From the editorial columns of the same issue of the paper we quote the following:

"John C. Breckinridge was in this city yesterday. He has been a marked man in the Southern Confederacy, and took an active part in all its aggressive movements. Yet, when he was here, gentlemen of all parties called upon him and cordially welcomed him, because the bitter strife is over, and now we are all Americans, and we must work together to build up the waste places made by the war. Mr. Breckinridge is an attractive man, a gentleman of mind and culture, and we are pleased to believe that he will hereafter work zealously for the good of the whole Republic, and that no man will frown more severely on any efforts to renew the disturbances of the past. There is nothing boastful in his manner, but he welcomes attention from the Northerner with that kindly feeling which indicates that he regards these courtesies as a generous concession to the bounds of a revived national unity, and that the glory and happiness of us all are inseparably bound up in the welfare and prosperity of our common country."

### What Does Freemasonry Teach?

Go ask that brother who has fallen in the path of life, whose plans miscarried, and who finds himself held down by the burdens of care and distress. He will tell you that it teaches him that his brothers will lift him up, remove the obstructions from his path and assist in bearing the burdens under which he has succumbed. It teaches him that there is something in it besides signs and ceremonies, that there is an invisible tie which links us all together in one great family of friends and brothers, and that the heart of each beats responsive to the wants and needs of his brother.

Ask the Mason's widow what it teaches. She will tell you that it teaches her of unobstrusive benevolence, of sympathy and kindness, brotherly affection and esteem. It teaches her that life is not all sorrowful, that the clouds that lower about her will soon break away, dispelled by the light and love of the Mason's presence.

Ask the orphan what it teaches, and he will tell you that it teaches him that brotherly affection and regard which knit the fathers heart into the fraternity, has descended to the son a priceless legacy, which will be to him better than silver or gold; for it will teach his feet in what paths to roam, will open to him the avennes which lead him to knowledge, and usefulness, and lead him to learn that character which is alike the test of admission to the Lodge, and which is more to be prized than wealth or honors.

Ask the wanderer in a strange land what it teaches, and he will tell you that it teaches the universality of that language which is intelligible in all climes, and which, when used, never fails of eliciting a response. It teaches him of brothers there ready to assist and serve him, of difficulties removed, of courteous treatment, and of the usefulness of that institution which has grown and spread where civilized man has gone.

Ask the brother who, perchance, in some unguarded moment, has erred and fallen, what it teaches. He will tell you that it teaches of that charity which deals gently with the erring, that keeps the silent tongue, that upbraideth not, that takes him gently by the hand and leads him back to rectitude, and helps him once more to stand erect like a man and brother. It points out the follies of his ways, and urges him to avoid them in the future.

Ask the wealthy brother what it teaches, and he will tell you that it teaches him to remember the poor and fatherless, the widow and the orphan, to be benevolent with his riches, and by his example teach the world that Masonry has made him worthier and better.

Brother what does it teach you and me? It teaches us to be temperate, to deal justly, be charitable to all men, and so walk and act that the world may never, through us, have an opportunity of casting reproach on our ancient institute.

## LATEST NEWS.

### From Washington.

WASHINGTON, June 10.—Mr. Weir of Atlanta, was hurt in the State Department. He was en route for Europe as State Emigrant Agent. A gentleman from Charleston, S. C., en route for Maine, was seriously injured in the breast by a splinter.

A committee of Cotton Brokers write Delano contending that, as many agents in bringing buyers and sellers together, they are parties to only one transaction, and should not pay two taxes. They state that they have each an office in New York city where they display samples of cotton received by commission merchants, and procure buyers for said cotton.

They have no interest whatever in said cotton, other than that of procuring a buyer and receive a brokerage from the sellers of 25 cents per bale.

Delano has given no decision.

It is rumored that Borie will resign and that Governor Geary will succeed him.

The negro Stewart, whom the police carried to the polls where he voted, has been sent to Baltimore by the authorities for safety.

### From Georgia.

ALL'S WELL THAT ENDS WELL.—Yesterday evening a young and handsome couple arrived here on a Washington ferryboat and took a room at the Marshall House. After dark the father of the young lady and a young gentleman, who, it appeared, had been her lover, arrived here in a hack from the same city, and, with the aid of the police, soon traced the happy pair to their quarters. The father was cool and collected, and told the officers that his object was to take his daughter back home if she was not married; but the lover was in bloody thoughts intent, and threatened the possessor of his sweethearts affections with dire vengeance. When shown into the couple's room, the young lady, though greatly surprised, threw her arms around her father's neck, and told him she was very glad to see him, but that she had a husband, and had been married, with her mother's connivance, at her own home at noon the same day. The father then, as a sensible man, acknowledged her husband as his son-in-law, and took the couple back to Washington in the hack in which he had come here. The lover, however, could not be induced to get into the hack with them, but told the driver he would walk ahead, but if he overtook him on the road he must stop and take him up on the box.

The Governments of Europe, it is said, are gradually coming to the conviction that repeating rifles are a failure. The Swiss have given them up as too complicated for use in the field, and the French have put an end to their trial of Vetterli's system. Almost all the armies of Europe are of opinion that the new weapon has been too hastily adopted, and are about to recommence their experiments with other breech loaders.

## STATE NEWS.

SERIOUS ACCIDENT.—A young child of the late Jesse G. Drew, of Brunswick, a boy about ten years of age, fell into a well upon the premises of the family in Smithville on Tuesday last, and was quite badly injured. Fortunately there was not sufficient water in the well to drown him, and a younger brother giving the alarm, the little fellow was rescued, having boldly clung to the bucket which was lowered to him. His bruises are quite serious, he having had a fall of about thirty feet.—*Wil. Journal.*

"Peace and place" have been freely promised to all who join themselves to the Radical Republican corruption party. But we need go no further than our own city and look but into the contention and strife for "place" and a share in the ill-gotton spoils, continually going on in their ranks, to find the practical operation of this promise. All striving to be lions and few proving themselves anything but asses, except in their hyena-like persistency in devouring the substance of a crushed and stricken people.

Not long ago, in one of our New England towns, a woman entered a probate office with four little "hopefuls," and with countenance that would do justice to hard days, commenced her truly affecting appeal: "Please, your Honor, my husband died detested, and left four little infidel children, appointed me executioner, and I pray your lordship will allow me to execute the deed."

**Home Questions for the Sickly and Debilitated.**

*Is it worth while* to endure penal torture after every meal, when indigestion can be immediately relieved and permanently cured by so agreeable a remedy as HOSTETTER'S STOMACH BITTERS?

*Does it pay* to be compelled by debility and languor to abandon active business, when brain, nerve and muscle can be braced up, and the whole system restored to a healthy condition, by a course of HOSTETTER'S BITTERS?

Why approach the dinner table daily with a positive disgust for all that is savory and delicious, when a vigorous appetite for even the plainest fare is created by the use of HOSTETTER'S BITTERS?

Is it wise to live in this bright world as if it were a dungeon, gloomy, discontented and miserable, when the worst case of hypochondria can be cured in a week by such a pleasant and wholesome exhilarant as HOSTETTER'S BITTERS?

Can it be possible that any person of bilious habit will run the risk of remittent fever or bilious colic, when he can tone and regulate the great secretive organ with HOSTETTER'S BITTERS.

Is it not a species of moral insanity for any merchant, farmer, mechanic, or traveler, to be without the best known antidote to the effects of poisonal air and impure water, HOSTETTER'S BITTERS?

Considering the harrasing and depressing nature of the functional derangements to which woman is subject, is it not astonishing that any invalid of the feebler sex should hesitate to seek the certain relief afforded in such cases, by the genial operation of HOSTETTER'S BITTERS?

These are questions of deeper interest than any of the political dogmas of the day, and those whom they concern are invited to give them something more than a passing thought.

**Catawba Valley Land Co.**

This Company chartered by the last Legislature, was duly organized in this city last week by the election of W. F. Davidson as President, S. W. Davis, Vice President and A. H. Martin, Treasurer. If properly conducted this company must do a large amount of good not only to the State of North Carolina but to the whole South.—The plan is most admirable, and we have every confidence in its success.—Why? Because the officers are gentlemen, born and raised among us and of well known character and integrity. W. F. Davidson is a lawyer of standing, and has repealedly represented this county in both branches of the Legislature. He is an old citizen and the head of a large and highly respectable family. His name will give confidence to the Company. A. H. Martin, long known in this business community, is of high repute for business capacity and fidelity, and his part will be most effectually conducted. These are the two officers who will be chiefly in charge, and to them the community will look for a fair and honorable management, and we take pleasure in saying that the Company could not have made better selections. The success of the Company is certain.

THE XIXTH CENTURY.—From Messrs. Wade & Gunnels we have *The XIXth Century*, a Southern illustrated monthly Magazine. It is from the press of Messrs. Walker, Evans & Cogswell, of Charleston, S. C., with F. G. deFontaine as Business Editor. It will receive contributions from the best pens in the South.

The first number opens with "The Blockade Runners of the Confederacy," a very readable and spicy sketch of a "run" from Charleston harbor in 1861. There is also a paper called "The Talmud," which is remarkably well written, contains the evidences of profound thought and careful study, and which will form a valuable contribution to Jewish literature. "My Friend's Revenge" is too severe entirely and rather fanciful, while the "Old Lawyer's Story" is rather the opposite, too commonplace. "Shoulder to Shoulder," the reminiscences of the Confederate camp and battlefield, is a very interesting sketch, and will be enjoyed even by those who witnessed and were participants in the memorable scenes described therein. The various departments devoted to agriculture, art, science and discovery are ably conducted, and indicate an earnestness on the part of the publishers to make them readable. The department headed "Sooty-graphs" is very good in its way; a very laughable satire on the reconstructed Legislatures of the Southern States; something at which we could enjoy a hearty laugh, if it were published in *Punch* or the *Phunny Phellow*, or recited by a company of negro minstrels; but we confess to thinking the subject of, too low a standard for a literary magazine.

Subscription 35 cents a number, or $3.50 a year. Address F. G. deFontaine, Charleston, S. C.

**Organization of the Catawba Valley Land Company.**

As the Incorporators, it is with pleasure we announce to the public the organization of the Catawba Valley Land Company. With a full Board of Directors, and a full corps of competent and reliable officers we predict a brilliant future and successful career for this useful and benevolent institution.

In appearing then before the people of this and other States as candidates for public patronage, it is but due to the opinion of those whose confidence and esteem we hope to merit, that some at least of the objects had in view by the Incorporators of this company should be made known. It is not, however, the purpose here to enter into details and to elaborate the many reasons which induced its friends to ask of the Legislature of North Carolina the present charter with its liberal and benevolent provisions; sufficient to say, that one great and prominent question kept constantly before their eyes, was, as to the best means to be adopted by which the large and profitless surplus of our landed interest could be disposed of in the shortest period of time and to the greatest advantage to our people and State.—This we may say was the main reason which led to the application, and the one most apparent to the inquisitive investigations of every curious inquiring mind. Impoverished as our people have been by the results of a terrible and disastrous war, with little else left them to call their own except their wasted lands, with comparatively no market for these by the ordinary mode of conveyancing, with limited capital to supply the wants of business, the great and growing scarcity of money, and the reluctance of immigration to seek among us pleasant homes and fertile farms, we have been induced to ask of a generous Legislature the present mode of disposing of real estate. We have, we are pleased to say, every encouragement for believing that our plan will be successful; alike remunerative to the friends of the enterprise, and beneficial to our charitable and educational institutions by contributing as required by the charter a portion of our revenues in aid of the Poor and School Funds of the State. The friends of this enterprise are well aware of the prejudice that has long existed in the minds of our people against lotteries, and in many instances not without good reason.—Appreciating therefore the difficulties with which they will necessarily for a time be called upon to contend, they have endeavored by the selection of gentlemen of known character and integrity as officers to fill the different departments to quiet the apprehensions of the scrupulous and incredulous. In this respect at least they can now flatter themselves that they have been exceedingly fortunate in procuring the services of such old and well known citizens as Messrs. W. F. Davidson and A. H. Martin to fill the important offices of President and Treasurer. This announcement will be at once an earnest to the public of an anxious and settled determination on the part of the company to carry out to the letter the provisions of their charter, and to discharge faithfully all trusts confided to their keeping and management. The granting of lottery powers in this State is by no means a novelty much less an innovation upon the history of our legislation. An act was obtained appointing four Commissioners in Wilmington in the year 1760 for the purpose of raising funds by the exercise of lottery powers, to be expended in furnishing two churches in the Parishes of St. James and St. Phillips, in the county of New Hanover. Another act was also obtained in or about the year 1836, for the purpose of supplying the necessary funds with which to erect a Masonic Hall at Hillsboro. These enterprises were managed by, and received the approval of the most prominent and influential men of their day and time in the State. A charter therefore to enable our people to dispose of the surplus of their lands with greater facility and certainty, and to convert their dead capital into active, available and profitable means, cannot be looked upon if properly managed, otherwise than as a powerful lever in developing the resources of the State, adding wealth to the depleted coffers of our poverty stricken people, and as a benevolent and charitable institution contributing to the intellectual culture of the rising generation, and aiding in ameliorating the suffering condition of a large and unfortunate class of our citizens, who have been reduced to a state of almost hopeless pauperism. The operations of this Company, carrying out the objects contemplated in the charter as may be hereafter seen in the arrangements of their schemes and plans of distribution, will be confined exclusively to the disposal of real estate by the sale of certificates, and no prizes other than simple prizes for realty, or optional prizes based on realty, will be incorporated in any scheme or awarded at any distribution. From the character of the men placed at the head of the affairs of this Company, the country has a guaranty that the purposes for which it has been incorporated will be strictly adhered to, and public confidence not misplaced or abused. Hoping therefore by a uniform system of integrity and fair dealing to commend this institution to the favorable consideration of the public, we respectfully refer all persons desirous of making sales of their real estate through the agency of this company to the President's advertisement which will be found below.

Respectfully,

H. M. PRITCHARD,
JOHN PHELAN,
S. C. BARNETT,
E. A. McLEOD,
W. W. GRIER,
S. W. DAVIS,
Incorporators.

**Catawba Valley Land Company**

Desirous of arranging at the earliest possible day, a scheme for the first distribution, notice is now given to all persons wishing to dispose of their lands or other real estate, through the agency of this Company, to file at once with the President, bonds for titles. No lands or other property will be entered for sale unless the titles are clear and unincumbered, and in all cases when necessary, the acknowledgement of the wife must be had. Properties will not be taken at extravagant or fabulous valuations, and before entering the same on the books of the company for sale, a small entrance fee will be required of each person to be paid.

ROCKBRIDGE ALUM SPRINGS,
VA.,
OPEN MAY 15th.

This favorite and celebrated summer resort is now in complete order for the reception of guests.—Some important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed any where in Virginia.

The remarkable medicinal and curative power of the water is well known to the medical profession and to the springs going public. As an

ALTERATIVE, A DIFFUSIVE STIMULANT, AND TONIC.

There is no known mineral water equal to it. In all anoemic conditions of the system, and broken down states of the constitution, loss of appetite, and general nervous prostration, its powers and virtue as a restorative may be safely pronounced to be without a known rival among the mineral waters of the world. They are ESPECIALLY INDICATED in the whole class as ailments peculiar to the female constitution.

The Proprietor will have provided for the Lawn and Ball Room a first-class BAND OF MUSIC, and in general, all the sources of amusement and recreation, usually found at our best summe resorts, will be at the command of the guests at Rockbridge Alum.

The place is within 11 to 13 hours of Richmond, Washington, Baltimore and Lynchburg, by rail, ALL IN DAYLIGHT. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road at only eight miles, set down the visitors at the Springs to tea.

**The Rockbridge Water**, put up in GLASS, containing ALL its medicinal qualities can be had at the well-known Drug houses of

JOHN H McADEN,
*CHARLOTTE, N. C.*
WILLIAMS & HAYWOOD,
*RALEIGH, N. C.*

who will furnish on application, pamphlets containing the analysis of the water, and letters from eminent physicians, with a few certificates out of many of the wonderful cures made by these waters.

SPARKLING
*CATAWBA SPRINGS,*
CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

BEING SITUATED in the Northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

*THE MINERAL WATERS OF THESE SPRINGS*

Are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of those waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c., &c.

THE PROPRIETOR having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

GOOD TEN PIN ALLEYS, BILLIARD TABLES
*And other Amusements*
FINE BATH HOUSES,
*For Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.*
A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. CLAYTON, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted) in connection with the North Carolina Rail Road, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

S. B. SEXTON'S CELEBRATED
PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,
for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.
We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking and cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 50 hours with once filling.
Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

CAUTION!
We desire to warn the dealers in, and consumers of snuff generally, that since the war, certain tobacco manufasturers, being unable to find a market for their goods, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks, so that a close inspection is necessary to detect the spurious article from the genuine, and when going so far as to assert that "Lorillard's Snuff is no longer made."
In making this publication we desire to warn the public against the imposition practiced upon them, as they are the losers thereby. It will be found upon comparison that Lorillard's Snuff is ahead of all others, being made from the best stock, after an original and secret process, not only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of the many worthless articles put on sale by others. Buy best in the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast), or Fresh Snuff (Extra Scotch) is desired.
